- Expertise in a wide variety of scientific disciplines including mechanical, electronic, semiconductor, computer-implemented, chemical, pharmaceutical, and biotechnological technologies
- Serving both domestic and international clients to obtain US patent protection
- Networked with firms around the world to support international patent portfolios
- Established in 2011
- WBENC Certified

WHAT SETS US APART

- We couple the powerhouse experience of a large firm with small firm attention, responsiveness, flexibility, creativity, pragmatism, and rates to achieve our clients' IP goals.
 - All shareholders have at least 10 years of experience at large law firms and/or as in-house counsel.
 - Our paralegals have extensive experience supporting large entities, including maintaining docketing directly in the client's own software system.
- We provide budget planning projections, detailed fee schedules, and accurate estimates.
- We invest in secure, start-of-the-art cloud-based global docketing software, communications, and document management systems to support both large and small entities.
- We participate in periodic and up-to-date cyber security training.
- As a virtual firm, we have collaborated seamlessly from remote work locations since our inception.
- We believe that all team members should feel valued, well trained, and fairly treated.
- We are committed to help the environment: we do not commute to work, we are paperless, and we make responsible choices for business travel.
- We are committed to diversity, equity, and inclusion and are proud to be members of NAMWOLF.

HIGHLIGHTED CLIENT SUCCESS STORIES

- We have crafted the intellectual property strategy for a number of startups that are now successful companies.
- We are the sole outside intellectual property firm for a large paper company.
- We have worked closely with an OEM for natural-gas powered vehicles to develop and execute their IP strategy during the early stages of their company and now managing their IP portfolio as they continue to innovate.
- We have counseled and educated an emerging biologics company to develop their world-wide patent strategy considering competitors and the possibility of future litigation.
- We have managed very large patent portfolios for corporate clients.
